## Sealmatic Receives Certification As Per API 682 Standard (API Spec Q1 Certification)

**MUMBAI, February 17<sup>th</sup> 2025:** Sealmatic India Ltd, listed on the **Bombay Stock Exchange (BSE: BOM: 543782)** has recently been awarded the prestigious certification for **API 682 Standard (API Spec Q1 10<sup>th</sup> Edition)** Certification as per, with the registration number **Q1-3646**. This significant achievement further strengthens Sealmatic's commitment to quality, reliability and excellence in mechanical sealing solutions for critical industries.

API 682 Standard is a globally recognized standard, which has been developed by the American Petroleum Institute (API). It is specifically designed for manufacturers operating in the Oil & Gas, Refinery, Petrochemical, Chemical and host of other critical industries, ensuring that the products and services meet the highest standards of quality, safety and performance.

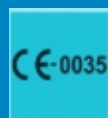

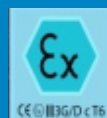

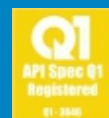

The certification of as per API 682 standard, for Sealmatic is a stamp of validation, thus; signifying that its quality processes have successfully passed stringent evaluations, with detailed documentation. The procedure involves rigorous evaluation of Sealmatic processes to ensure that they meet the demanding requirements of API 682 standard. Comprehensive quality documentation was prepared and reviewed to ensure transparency and adherence.

*For Sealmatic, obtaining certification as per API 682 standard is a major milestone. This certification validates our ability to design, manufacture, supply and service high performance mechanical seals that meet the rigorous demands of industries where reliability and efficiency are of utmost importance. This achievement is a testament to the hard work and expertise of the Sealmatic team, especially the QA department, whose relentless efforts have played a crucial role in securing this esteemed certification – says; Umar AK Balwa – Managing Director, Sealmatic India Ltd.*

With API 682 certification in place, Sealmatic is well equipped to further expand its global reach and continue providing industry leading mechanical sealing solutions.
